# TASK

The right kind of lighting creates a more noticeable difference in colors and helps prevent eye strain. Our high-efficiency flush-mounted LED Task Collection makes reading, writing, working, and day-to-day life more enjoyable—while improving energy efficiency and reducing waste for a cleaner environment.

Lumetta's Task Collection adds superior value-engineering and energy efficiency, while boosting overall comfort and productivity—all at a truly affordable price point.

We offer three progressive surface mounts with a distinctly modern flair. Aply named Stark and Muse, each available in multiple options.

- Stark is available in your choice of opaque black or white shade with matching finish
- Stark S2 is available as a dual surface shade with white finish
- Muse is available in any of our ten exclusive designer shade wrap options with your choice of black or white finish: Chevron, Marble, Squiggle, Maze, Abstract Floral, Freckle, Speckled Clay, Speckled Apricot, Speckled Grey, and Speckled Navy
- Fixtures meet all utility and design requirements
- Innovative, high-quality, decorative lighting solutions for commercial lighting applications
- Washable and antimicrobial Lumenate® shades
- Ideal for medical, hospitality, education, government, retail, and office use
